### IV. OPI Testing Information

An OPI is required of all Lauder applicants and must be arranged, scheduled, and completed with [Language Testing International \(LTI\)](#). The OPI is a live 20-30 minute conversation, taking place over the phone, between a trained, certified [ACTFL](#) tester and the candidate. To schedule an OPI, complete and submit LTI's [online application](#). When scheduling your OPI, please be sure to register as a Lauder applicant with LTI. The OPI must be scheduled and completed with LTI.

The OPI may be completed any time after August 1, 2014 to count for the current admissions cycle, but it must be completed within two weeks after submitting your Lauder Application. This will ensure that the results are available when the Admissions Committee reviews the complete application. If you have any questions about the OPI or about scheduling your OPI please contact LTI by telephone at +1 914-963-7110 (extension 115 or 127) or by email at [testing@languageTesting.com](mailto:testing@languageTesting.com). When scheduling your OPI, please be sure to register as a Lauder applicant with LTI. Please consult with the Lauder admissions office if you have questions regarding the program and/or language requirements.

**For applicants to one of Lauder’s nine language programs:** An OPI in the proposed non-native language of study is required of all Lauder applicants, and an Advanced rating is typically the expected level for admission to Lauder’s language programs. However, native level Spanish, French, or Italian speakers are eligible for the Portuguese program without prior knowledge of Portuguese. These applicants should test in their native level language (Spanish, French, or Italian), and in these cases a Superior rating is expected for admission. Native level Spanish, French, or Italian speakers who speak some Portuguese should test in Portuguese even if they expect their rating to be below Advanced.

**For applicants to Lauder’s Global Program:** Two oral proficiency interviews (OPIs) in languages other than English are required of all applicants to the Global Program, and applicants are expected to show strong proficiency in both of languages by receiving at least one Superior score and a second score in the Advanced to Superior range. Applicants may test in their native language provided it is not English.
